Dear Mr. Eske:

On the evening of my departure from New York, I wish to express my pleasure about the way your staff has handled the packing and loading of my belongings. Compared to some other companies, your personnel is highly skilled, efficient, careful and conscientious.

Please, convey this appreciation to the four men you had assigned to do the work at my home

I now hope that the Belgian company that will be designated by the Foreign Ministry to take charge of my belongings in Antwerp will continue the excellent job your staff has done here.

Wishing you all the best, I remain

Yours sincerely,

Joseph PONCIN
